

THE BATHROOM COLLECTION

COMPANY POLICY

We, along with our suppliers, pursue a policy of continual improvement in the design and performance of our products. Every effort has been made to ensure the accuracy of all information in this publication.

The measurements within this brochure are provided by the manufacturer and plus/minus tolerances are to be expected.

The right is reserved to amend details and vary specifications without notice.
Please note that prices are in sterling, include VAT at 20% and are subject to change without notice.

Colour reproduction is as accurate as possible within the limitations of the printing process.

INSTALLATION

A key element in the performance of a bathroom is the quality of the installation. We recommend you use a plumber from a registered association and consult them right from the start.

You should also ensure that all required products are on site and in perfect condition prior to arranging with the plumber to commence installation.

For any electrical items, you are advised to use a qualified engineer.

TECHNICAL SPECIFICATIONS & GUARANTEES

For full technical specifications and guarantees on any product in this catalogue, we suggest you refer to relevant manufacturer's literature or website.

Due to space constraints we are unable to detail all this information within the catalogue.

Guarantees do not cover moving parts that perish due to wear and tear. In the event of a defective product claim, the liability is limited to the product supplied and does not extend to consequential loss or damage arising from the defective product.

RETAIL PRICES

The prices in this book were correct at the time of going to press. However, currency fluctuations, increases in the cost of raw materials and ever-rising fuel prices all contribute to manufacturing costs, over which we have no control. Therefore, prices in this book are subject to change without notice and you should always consult with your retailer for any changes.

WARNING

Some items in our price book require 4 person lift. Please discuss this with your retailer before delivery.

nanoGLAZE
ceramic that stays cleaner

All Burlington WCs have NanoGlaze in the bowl. NanoGlaze is a coating that reduces microscopic pores in the ceramic surface, making it smoother. As a result, less waste "sticks" to the surface making cleaning far easier.

Riviera

C/G/B

The Riviera Collection harks back to the sophisticated elegance of the 1920s, a decade in France known as 'les années folles' (the crazy years). This was a time of great prosperity after the hardship of World War I, when social, artistic and cultural dynamism led the way to a new, relaxed and affluent way of living. Taking inspiration from this period of prosperity, renowned designer Christian Booth, has created The Riviera Collection by Burlington, offering a streamlined bathroom design, at home in either a traditional or contemporary setting, where form is celebrated and function preserved.

Ona Collection – Gloss white and matt black

Z/B/D

Versatility is key with the Ona Collection. Slim basins feature a more subtle yet durable design with taps that are quite something: a cylindrical and slender body and a flat rectangular handle, in perfect harmony with the shape of the spout, see page 544. In addition, the hidden fixations of the WC allow for a clean and minimal look at any moment. Details that change everything inside your bathroom: Rimless toilets are free of angles or nooks to ensure more accessible and efficient cleaning. Roca's touchless technology, employed in flushing, taps and soap dispensers, function without direct contact for extra peace of mind.

Tura – Gloss white

Z/B/D

Based on architectural forms and modular shapes, the Tura range of WC's and washbasins are unexpectedly bold and modern. The square and rectilinear lines are met by soft edges and subtle curves. The washbasins include an innovative, sophisticated and elegant hidden linear drain, blending into the ceramic basin, leaving the surface bare. Available in standard white with matt finish or super glaze available by special order.

Feature guide

Rimless technology
offers a smooth interior pan, resisting the germ build-up, staying cleaner for longer, more hygienic and fresher.

Water saving
toilets designed to use less water, typically 4.5 or 3 litres, but still delivering an efficient and successful flush.

Space saving
toilets which take up less space than a conventional WC, offering more flexibilty in a restricted area.

Comfort height
toilet pans that are higher than a regular pan, offering ease and comfort when getting on and off.

Tornado flush
The tornado flush offers not only enhanced toilet cleaning efficiency but also a quieter operation and reduced water usage.

Ariel - Seats sold separately, see options below

Tornado - Rimless WCs with tornado flush

B/C

The Tornado flush offers not only enhanced toilet cleaning efficiency but also a quieter operation and reduced water usage compared to traditional flush systems. Its powerful flush covers every part of the toilet bowl, generating a strong whirlpool effect that harnesses the water's force for a thorough cleansing process. Tornado flush achieves this by forcing water from two or three jets into the toilet bowl, creating an intense whirlpool action that leaves no spot untouched. The circular motion of this innovative flush design is spray-free, effectively preventing the spread of germs and bacteria within the bathroom, and safeguarding against contamination of the toilet seat.

Touchless Flush Valve

B

The touchless flush valve can be easily retrofitted to upgrade an existing push button to an automatic flush system.
Simply wave your hand to use.
The valve automatically detects the required flush volume, whether full or half flush.
Flushes can be adjusted easily to 6/4, 4.5/3 or 4/2 per dual flush settings.
The touchless flush valve fits most toilet cisterns with a 38mm cistern hole and an external cistern height (including the lid) of 360-390mm. Additionally, the mechanism is battery-operated, eliminating the need for a power connection. Four alkaline batteries ensure more than 40,000 automatic flushes, minimising the frequency of battery changes (batteries not included).
WRAS approved - Waterproof level IPX 6

THE PANTILES

B

Comfortingly traditional with modern-day refinement. Inspired by early 20th-century bathroom design, this collection draws on the elegance of the Edwardian period while embracing the clean lines and confident geometry of the Art Deco era. Linear basins feature crisp edges, deep upstands and sculpted geometric pedestals, while the toilets blend classic proportions with practical design, echoing authentic details found in the refined homes of the time.

V-Care Shower Toilet

Z/B/C

The V-Care is the new generation of shower toilet from VitrA. It combines the functionality of a toilet with the personal cleaning properties of a bidet, creating a stylish WC that will seamlessly integrate into your bathroom. All the main functions are variable to create a totally personalised washing experience. The intensity of the water jet is adjustable as is the water temperature for both the front and rear washing options. The ergonomically designed heated seat offers an additional level of comfort and the automatically activated air purifier eliminates those unwanted bathroom odours.

M-Line NEW

Z/B

**M-Line toilets and bidets combine clean, contemporary design with refined everyday performance.
Available in wall-hung and back-to-wall options, the range is designed to sit effortlessly within modern bathroom spaces.**

Two distinct forms shape the collection: M-Line Round features a clean D-shape and seamless, monolithic look for a softer visual presence. M-Line Square offers a more defined profile, with straight lines and a confident, modern form.

At the heart of the range is the Sonic Flush technology. Powerful and efficient, it delivers enhanced cleaning performance while operating with significantly reduced noise - creating a noticeably quieter bathroom experience.

REASONS TO CHOOSE MONOLITH PLUS

The Geberit Monolith Plus sanitary module for WCs is truly multi-talented. The integrated odour extraction unit, intelligent sensor technology and an especially convenient flush actuation are only three of its many virtues:

- → Sensor-controlled switch-on function via soft-touch button
- → Integrated odour extraction unit
- → Discreet LED lighting, completely adjustable
- → Quiet fan for air cleaning

Touchless

Base Touchless Flush Valve

B

Touchless Flush Valve

The touchless flush valve can be easily retrofitted to upgrade an existing push button to an automatic flush system. Simply wave your hand to use. The valve automatically detects the required flush volume, whether full or half flush. Flushes can be adjusted easily to 6/4, 4.5/3 or 4/2 per dual flush settings. The touchless flush valve fits most toilet cisterns with a 38mm cistern hole and an external cistern height (including the lid) of 360-390mm. Additionally, the mechanism is battery-operated, eliminating the need for a power connection. Four alkaline batteries ensure more than 40,000 automatic flushes, minimizing the frequency of battery changes (batteries not included).
WRAS approved - Waterproof level IPX 6

EM1 Touchless Flush Sensor

B/D

Zero contact maximum hygiene

Roca Touchless Flush Sensor
A822599900
120.TLFV **£144.93**

The **EM1** is compatible with most toilet cisterns featuring a ø40mm cistern hole and an external cistern height (with cistern lid) of 360-390mm. Moreover, the **EM1** mechanism does not require a power connection, as it is battery-operated. Four alkaline batteries guarantee over 40,000 automatic flushes, so you do not have to worry about changing them often. (Batteries not included).

The TUNBRIDGE WELLS Brassware Co.

The Pantiles B

The Pantiles furniture collection takes inspiration from early 20th-century bathroom design, combining the elegance of the Edwardian period with subtle influences from the Art Deco era.
The charming freestanding vanity units are available in 7 stylish painted finishes, with a choice of 1 or 3TH basins. For added luxury, the 600mm and 800mm sizes are also available with a quartz worktop and bowl vanity option. The 500mm unit is offered with a 2TH basin and is ideal for cloakroom or smaller spaces. Selected colours are also available with a coordinating WC unit and 400mm storage unit.
Complementary traditional Tunbridge Wells taps can be found on pages 526 - 527, along with a selection of classic baths on page 258 - 259.

Ona

The Ona Collection design perfectly combines sophisticated proportions and archetypical shapes without losing a balancing human touch. Crafted with the future in mind, Ona embodies a philosophy of simplicity without neglecting the details that matter

4 Drawer, 1200 furniture pack with double basin in Matt Green

Ona Collection - Soft close doors and drawers.

Matt white, matt sand grey and matt green Z/B/D

The Mediterranean way of life stands for simplicity, care and connection. So does the Ona Collection, respecting natural materials, it radiates this sentiment to each home and context anew, propagating connection and making the essence of the Mediterranean palpable. The simplicity of the design plays a central role, perfectly evoking the organic authenticity of sea-facing culture.

Contemporary

Arlington - Matt white, matt storm grey and matt viridian green C

Basin Units: Available in two widths, 600mm and 800mm, to suit bathrooms small and spacious. Choose from 3 sophisticated finishes: Matt White, Matt Viridian Green and Matt Storm Grey for a contemporary tone.

Customisation: Available with the option of legs, the furniture can be configured either as floor-mounted with a choice of four leg finishes — chrome, matt black, brushed brass, and gunmetal, or wall-mounted for a floating effect. Choose from a wide range of handle and pull options to personalise your furniture, including brass, matt black, gunmetal and classic chrome finishes, as well as colour-matched handles for a sleek and subtle look, see page 155. **Storage:** With both deep drawer space and tall drawer options, each configuration ensures ample storage, complemented by a spacious ceramic basin. With high-quality, soft-close runner drawers that provide a quiet and smooth operation.

TAVISTOCK

If it's a sleek minimal solution for a small space you need, then look no further than Match. A basin unit cleverly paired with a back to wall unit to suit a 1000mm or 1200mm run, topped by an isocast basin with integrated worktop (sold separately) for a seamless contemporary look.
A single compact one metre unit which incorporates a 500mm basin unit and a 500mm back to wall unit and the 1200mm includes a 600mm basin unit and 600mm back to wall unit.
To add that extra finishing touch, complement your brassware with matching handles and trim (sold separately) in classic chrome, contemporary matt black or opulent brushed brass.

1000 run in Viridian Green with chrome handle and trim set (sold separately)

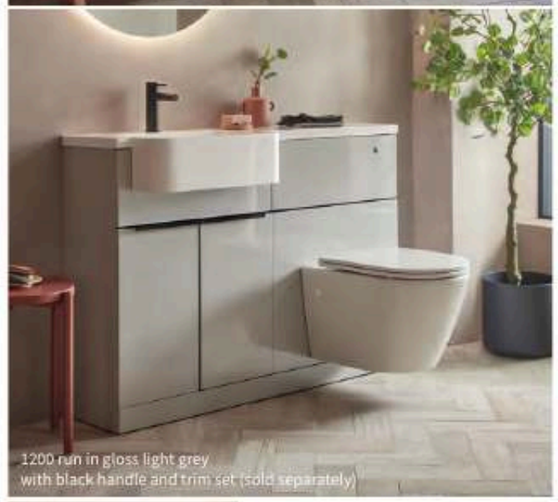

1200 run in gloss white with brushed brass handle and trim set (sold separately)

Create your bespoke Tavistock fitted furniture over the next few pages following a few simple steps:

1. Choose your door style from new minimalist Scribe, the smooth lines of Calm or classic shaker style of Legacy, then choose your desired finish.
2. Consider the available space in your bathroom and choose from either standard depth (353mm) or space-saving slim depth (218mm) units.
3. Add the perfect finishing touch to your chosen doors with one of our stylish handles - see page 182.
4. Select a worktop from either our solid surface or laminate options. Alternatively opt for an integrated basin and worktop for a seamless look.
5. Choose your preferred basin and WC to match the styling of your bathroom.
6. Complete the look with coordinating brassware and mirrors.
7. Finally, clad-on end panels, plinths and bath panels are available for all finishes - see page 184.

RIVIERA® COLLECTION

Riviera – Matt white, matt blue and matt black C/G/B

The Riviera Collection harks back to the sophisticated elegance of the 1920s, a decade in France known as 'les années folles' (the crazy years). This was a time of great prosperity after the hardship of World War I, when social, artistic and cultural dynamism led the way to a new, relaxed and affluent way of living. Taking inspiration from this period of prosperity, renowned designer Christian Booth, has created The Riviera Collection by Burlington, offering a streamlined bathroom design, at home in either a traditional or contemporary setting, where form is celebrated and function preserved.

Hackney

Britton's stylish Hackney wall-hung modular furniture collection is available with a choice of four colours. A modern design with customisable options, Hackney offers you the choice to tailor your own storage solution from 500mm to 1200mm with the drawer units, shelving units and worktop options, or a basin unit in 3 sizes, to ensure your storage fits perfectly to your needs. With a slim 390mm depth, Hackney is ideal for any bathroom.

Hackney drawers are constructed from hard-wearing HPL board, with genuine Hettich runners featuring full extension and smooth pull to open soft close operation. Drawers have a concealed handle pull, 25kg weight capacity and include two-way adjustment.

Carrara or Marquina marble effect worktop options are available to pair with your Hackney unit from 500mm to 1200mm and a choice of countertop basins to make a real impact in your bathroom.

Hackney Wall Hung Units – Cherry wood effect, earthy green, matt black and gloss white B

Customise your storage: Hackney furniture offers modular solutions for those who want to personalise their storage unit. By combining a drawer unit (available in 500mm, 600mm or 700mm) with a 200mm shelving unit and worktop options (available in 500mm to 1200mm) you can create your own perfect solution. A small selection of the options you could create are shown below.

Battery mirrors

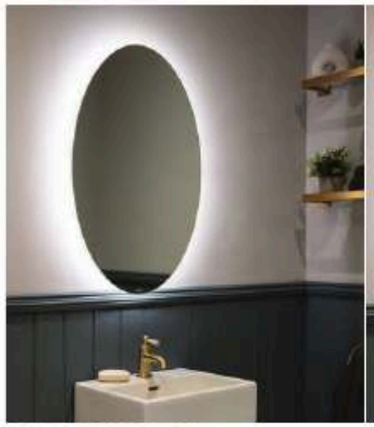

Lustro Lithium-Ion Battery LED Mirrors

Lustro Lithium-Ion Battery powered mirror is stylish and elegant, capable of making a design statement in any bathroom.

These mirrors provide flexibility, convenience, and energy efficiency, making them a practical choice and easy installation for various locations around the home. One advantage of the Lithium-Ion battery with EVO+ technology is that it eliminates the need to constantly replace batteries, saving both money and resources. The Lustro mirror range uses LED technology keeping it energy-efficient and long-lasting life span.

BENEFITS: ■ Easy to use and install: no cables need chasing in the wall and no electrician required ■ Portable and rechargeable Lithium-Ion battery with Sensio EVO+ technology ■ Save money in battery replacement: Lustro Lithium-Ion battery mirrors cost 3p to run for a year based on 20minutes usage a day ■ Longer life span with LED technology

FEATURES: ■ Suitable for retro-fitting ■ Diffused Natural White LEDs ■ Ambient back illumination ■ Quick battery charging with USB-C ■ 3 x brighter than the average AA battery mirror ■ Constant brightness rather than diminished illumination compared to an AA battery mirror

Urinal Screen Scented Mat - single

B

The C21 Urinal Screen is a long-lasting 60-day deodorising solution designed to keep urinals fresh, hygienic, and odour-free. Infused with a pleasant lemon scent, it effectively neutralises odours while preventing blockages by trapping debris. The flexible design fits most urinals, ensuring maximum surface coverage and continuous freshness in high-traffic washrooms.

NEW

Enzyme block breaks down over 60 days (30 days with Trough design) and assists to clear uric acid from the pipework.
A two in one solution to keep pipework clear and maintain freshness in the washroom.

Bath Feet

C

Cast from robust aluminium and expertly finished, Tavistock bath feet are inspired by the original Regency lion paw design and are designed to be paired with their traditional baths. Available in three finishes to suit any scheme.

- The overflow and waste is universal and compatible with all traditional tubs
- The pipe can be cut down to suit all Tavistock traditional bath tub models.
- One pack of feet contains four feet and all fixings required
- The feet are universal and work on all traditional tub options
- Feet are supplied with floor fixings to secure the bath tub in position and have a height adjustable levelling feature

Trojancast: Our Intensive Reinforcement

Trojan built a complete new factory to manufacture Trojancast products.

Separate from all other production areas, the dedicated factory has been equipped with the latest technologies and is run by a team of specialist personnel who take pride in each and every Trojancast bath they produce.

Quality means everything

At each stage of production each individual bath is checked to ensure it reaches our high standards. Each individual employee that checks the bath stamps a label acknowledging they have fulfilled their job requirement. This ensures that the bath manufactured meets our quality criteria. This check label is placed on the back of the bath and remains with it through to delivery and installation.

Adding value at every stage

As well as the natural benefits of acrylic and the intensive reinforcement of the Trojancast process, all Trojancast baths come with our luxury fittings pack.

The guarantee on a Trojancast bath increases from our standard 25 years to 30 years, giving you extra peace of mind.

Substantial reinforcement · **Insulating properties** · **Peace of mind** · **Made in England** · **Guaranteed** 30 YEAR

Acrylic bath panels

Bath Panels

Whether you are considering tiling your bath in or using a standard panel, Trojan offers a wide range of quality solutions suited to any budget and design. Their wide range of bath panels will help play an essential role to your bathroom's overall interior style and finish.

High impact polystyrene panels offer an entry level solution. The Supastyle and Flat panel are timeless in their design.

The mid to upper level solution is provided by the Titan, an innovative twin skin panel offering a simple design that hides an engineered second panel that offers substantial strength and durability.

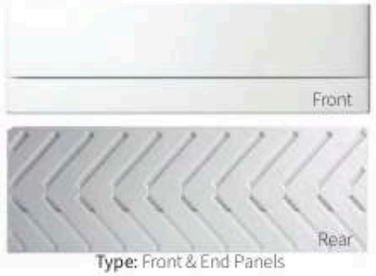

Built to last, all Trojan bath panels come with a 2 year guarantee

Hapi8

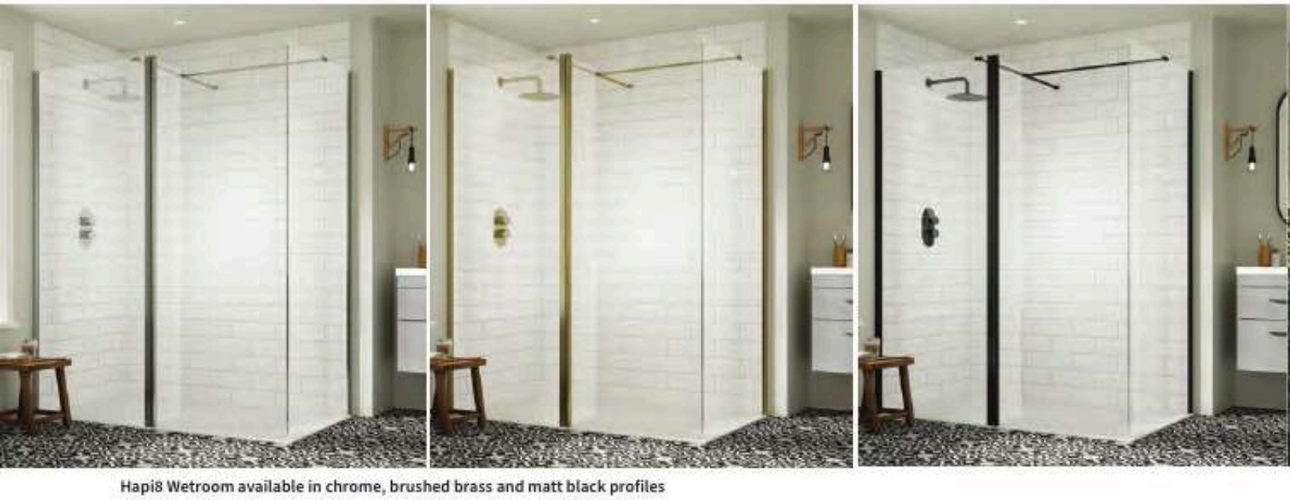

Experience the perfect blend of stylish minimalism and timeless elegance with Hapi8 wetroom enclosures.

Embrace the modern sophistication they bring to any bathroom design, enriching the ambiance to new heights.

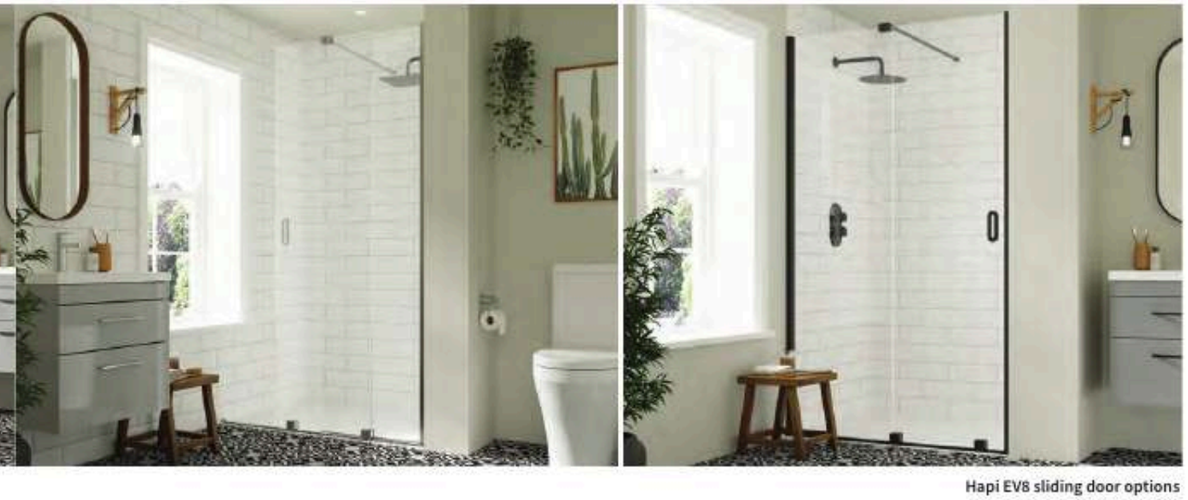

Elevate your home with a wetroom deserving of admiration and indulge in the luxurious showering experience that only Hapi8 can provide.

Experience the versatility of Hapi8 wetroom glass panels, crafted with a sturdy 8mm thickness and standing tall at 2000mm. Available in sizes ranging from 500mm to 1400mm, these panels seamlessly adapt to any bathroom layout, offering flexible design possibilities. Choose from three elegant finishes and opt for either clear or framed glass, perfectly complemented by Tunbridge Wells brassware to enhance your space.

For added functionality, the flipper panel, available in clear or Fenetra framed glass, minimises water spray while allowing a smooth 240° opening.

Hapi8 Wetroom available in chrome, brushed brass and matt black profiles

Hapi EV8 sliding door options

Artesan® Launched under Artesan, Hapi is an exclusive brand of enclosures including the luxury Hapi Wetroom, Pivot or Sliding door range, and the contemporary Hapi6 and Hapi8 collections.

Hapi EV8 represents an evolutionary approach to design, skilfully integrating the finest elements of Hapi8 wetroom glass with the enhanced security offered by an enclosure. Its adaptability and flexibility allow it to be tailored as either a wetroom solution, featuring an extendable sliding panel for extra coverage, or transformed into an enclosure with recess and side panel alternatives. Regardless of the chosen configuration, Hapi EV8 maintains its sleek, modern, and minimalist design.

Hapi Enclosures co-ordinate nicely with the Tunbridge Wells Collection of Furniture (see pages 100 - 119), Showers (see pages 460 - 471) and Radiators (see pages 560 - 590)

If pairing with a shower tray, we recommend using a sleek, flat design; something stunning like the Tunbridge Wells trays on pages 378 - 381, Ultimate trays on pages 386 -387 or Roca trays on page 385.
This item works best with a tray that doesn't have a lip, as any lip needs to be at least 65mm wide.

Ultimate Roller Deflector - Chrome, matt black, brushed brass, brushed copper, brushed gunmetal and brushed nickel
B

Part of the Ultimate range of walk-in enclosures, the Ultimate roller deflector is 500mm wide and is available in 4 colour finishes and both 8mm and 10mm clear glass options.

Retro-fittable* and treated with LifeShield for easy cleaning the roller deflector is designed to contain the majority of overspray and splashing within the showering area. Featuring a stylish finger pull the Ultimate roller deflector is supplied with a trimmable runner meaning that it can be used on enclosures as small as 1200mm and up to (and including) enclosures as large as 2000mm.

The roller deflector isn't suitable for installation with an angled or ceiling fixing kit and you are required to order a front panel fixing kit when purchasing the roller deflector. See page 332 - 333

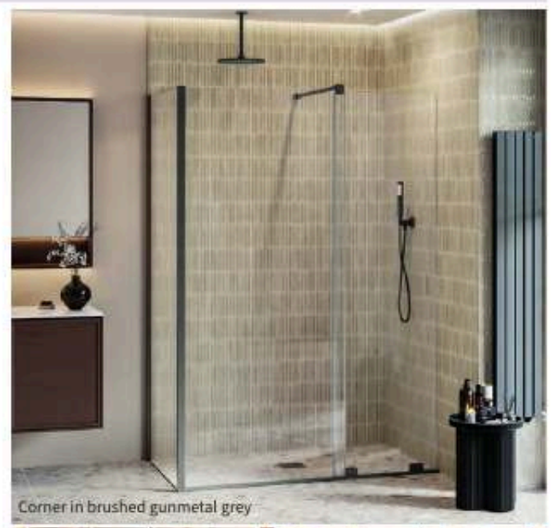

Features & Benefits

▪ 1985mm (including fittings) high ▪ 500mm wide ▪ Available in 8mm and 10mm toughened safety glass options ▪ Retro-fittable ▪ Can be used to create corner or recess options ▪ Can be installed to open either to the left or right ▪ Treated with Lifeshield for easy cleaning ▪ Lifetime Guarantee ▪ Made In Britain

Existing enclosure must include a front panel fixing kit for this deflector to be installed retrospectively

Ultimate glass to glass corner post

The glass to glass corner post addition to our modular wet room panel range allows you to choose between either a minimalist approach (using the ultimate corner to corner seal) or a more traditional look and feel using the glass to glass corner post.

Ultimate interconnector and mirrored décor panel

Designed to be used alongside the ultimate wet room panel range, the interconnector allows you to connect two panels together, enabling you to create either a larger enclosure or incorporate some of our coloured/ mirrored glass options into your design.

Siona Walk-in Range - Choice of six finishes in two price ranges (see options below)

B/L

Create the perfect walk-in enclosure with the Siona 8mm walk-in range.

Whether you're creating a minimalist spa-style bathroom or are looking to future proof your space with a low level, easy access enclosure, the Siona walk-in range represents the perfect solution.

This range features 8 panel sizes, from 700mm to 1400mm and is available in six finishes.

Suitable for installation either on aqua4ma (see page 418 - 419) or a Kudos Connect2 shower tray (see page 388 - 389), the Siona walk-in range offers flexibility and the opportunity to create the configuration that is perfect for your bathroom space.
The Siona range also includes 2 deflector panel options, foldaway or hinged, each designed to contain any overspray* that may occur when the shower is in use.

Key features: • 2000mm high • 8mm toughened safety glass • 8 panel sizes • 2 deflector options • Available in six finishes • Can be used to create corner and recess configurations • LifeShield protection for easy cleaning • Lifetime Guarantee • Made In Britain

All panels are undersized by 45mm to allow for tiling and fitting to a tray

Wall Profiles for 8mm & 10mm Glass

F

■ Zero in wall out of plumb vertical adjustment ■ Glass is embedded into the recessed vertical profile, which reduces glass width by 20mm on stated widths. ■ When used as a floor profile in a tiled wet room, glass height will reduce by 10mm on stated height ■ Designed for silicone fit glass to vertical or horizontal profile ■ Hinged and fixed deflectors cannot be used when installing horizontal U recessed profiles

VISION 30 Shower Trays

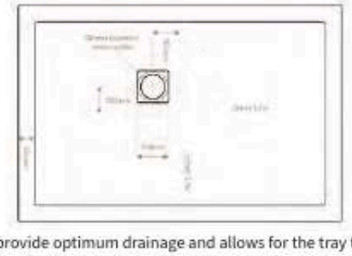

Premium quality and design at affordable prices

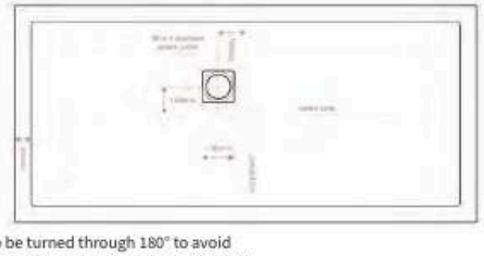

‘ Vision 30, a beautifully engineered solution that delivers luxury appearance, high end performance, sophisticated design and innovative features all at affordable prices ’

Designed and manufactured in Northern Ireland, close to the breathtaking Causeway Coast, the Vision 30 Heritage Edition shower tray draws direct inspiration from one of the world's most extraordinary landscapes, Giant's Causeway. One of the true natural wonders of the world, the Giant's Causeway's dramatic basalt formations have helped shape the identity of the heritage edition tray.

The richly detailed slate surface echoes the natural stone textures found along the coastline, the resin bonded stone fillers are sourced from local quarries and the iconic hexagonal basalt towers are subtly reflected in the design of the integrated waste.

Offset Waste Location: Designed to provide optimum drainage and allows for the tray to be turned through 180° to avoid possible obstructions when connecting the waste to drainage pipes – APPLIES TO SQUARE AND RECTANGULAR TRAYS ONLY

DESIGNED AND MANUFACTURED IN THE UK

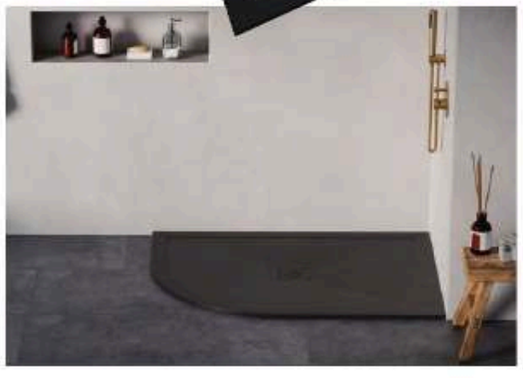

Vision 30 Heritage Edition Shower Trays

Why Choose a Vision 30 HE Anti-Slip Tray?

Vision 30 anti-slip option feature an advanced textured surface supported by structural resin bonded stone fillers to provide a stable, stone-like surface that's comfortable underfoot. The easy to clean anti-slip texture is integrated into the surface, not added as a coating, meaning it won't wear off over time. It offers natural traction underfoot, even when wet, providing safer and more confident showering for all ages.

- **Ultra low profile** - just 30mm
- **Choice of finishes** - White slate or black slate
- **Anti-slip** - Exceeding EU slip-resistant standards, easy clean and scratch resistant
- **Offset waste location** - Enhanced drainage and improved connectivity
- **Steel reinforced flush waste** - Minimalist appearance
- **Acrylic capped ABS skin with resin bonded fillers** - Exceptional strength and durability
- **Lifetime warranty** - Providing complete peace of mind

connect2

Connect2 Slate is a stylish, contemporary super slim shower tray that will enhance any bathroom space.

Manufactured using an antimicrobial additive, these shower trays are easy to clean and offer protection from the growth of microbes including bacteria and mould, ensuring a more hygienic showering experience.

The anti-microbial additive is added during the manufacturing process, moulding it into the product reducing bacterial growth for the lifetime of the tray.

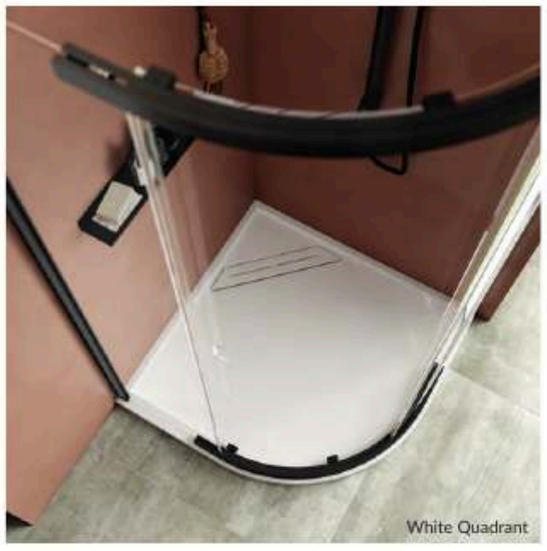

The attractive low profile Connect2 tray will never let a joist get in your way again thanks to the unique offset dual waste outlet. Whether square, rectangular or quadrant – whatever the size, the Connect2 tray will allow you to connect the waste fitting without the need to reposition joists or raise the tray on to a plinth.

Key Features:

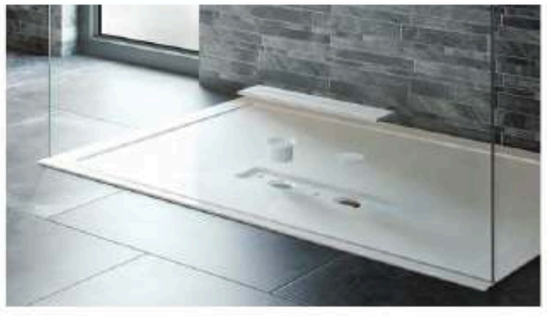

- Easy to clean
- Antimicrobial additive offers protection from the growth of bacteria including mould
- Unique design avoids the need to cut joists or lift the tray on to a plinth
- Guaranteed to work with all standard joist sizes and spans
- Structural resin bonded stone filler for increased stability
- Super slim at only 35mm high
- The reinforced colour matched waste cover is magnetically secured, comfortable underfoot and is easily removed for cleaning
- Supplied with a dedicated high flow waste, rated to 35 litres per minute
- Covered by Kudos Lifetime Guarantee

Dolomite shower trays

The Burlington shower tray collection offers the latest in shower tray technology and design. Finished in pure white gloss and coated with a permanent anti-bacterial nano gel, Calton shower trays are extremely easy to clean and completely colourfast. Incredible strength and rigidity are achieved with engineered stone, ensuring your traditional shower enclosure remains in perfect condition for years to come.

Treat Your Feet

Burlington trays provide an extra layer of relaxation to your shower experience. Crafted from engineered stone and hand finished to perfection, Burlington shower trays offer exceptional impact resistance, outstanding thermal shock properties and natural sound insulation – an extraordinary delight for the senses from the first step in, to the last step out.

Made from 100% recyclable Dolomite engineered stone in a factory with over 40 years' experience working with this material

- Dolomite is an extremely durable material, giving the shower tray exceptional impact resistance and outstanding thermal shock properties
- Natural sound insulation
- Class A anti-slip performance tested to industry standards
- Coated with a permanent Nanocoat, ensuring the surface is non-porous and antibacterial
- Colourfast and stain resistant to day-to-day chemicals
- A shower tray made from Dolomite requires considerably less energy to produce than alternative materials
- Can be cut to size or around awkward shapes using the manufacturers guidelines
- Produced in a factory that uses 100% solar energy
- Every shower tray is hand finished to ensure high-quality perfection
- 25mm high (Trays 1500mm and upwards are 27-29mm high)

FLEXI SEAL

FLEXIBLE WATERPROOF SEAL

B

Flexi-Seal uses a combination of a durable flexible rubber with a waterproof butyl based adhesive to give maximum protection between the application surface and tiles or panels.

Since the rubber is flexible, it will maintain a watertight seal whilst allowing for a certain amount of movement that is inevitable, particularly with new builds.

Flexi-Seal fits between the edge of the tray and any abutting wall and provides a flexible seal behind the tiles avoiding any issues caused by potential grout or silicone failure.

Waterproof Core – 2420 x 1200 x 11mm (Lifetime guarantee)

Nuance is Bushboard's award winning bathroom wall panel system, created for showers, wetrooms and around the bath. The designs are not just beautiful to look at but uncompromisingly high performance and easy maintenance too, as it's uniquely fitted without extrusions and 100% waterproof guaranteed.

Wide choice of designs and textures that can create individual interiors: traditional, modern or contemporary, there's a design that will work for you. Manufactured without wood, using a patented polyurethane core impervious to water.

Seamless: no grout lines to scrub at, it just needs a simple wipe down for day-to-day cleaning. The watertight panel joins are virtually invisible to the eye.

Flexibility: different choice of sizes, that can be used to create a true wetroom, to panel out a shower enclosure, go round the bath or behind the washbasin.

Easy to install, the panels can be cut and installed in a matter of hours, making them an ideal alternative to tiling.

No trims required with the smart postformed edge.

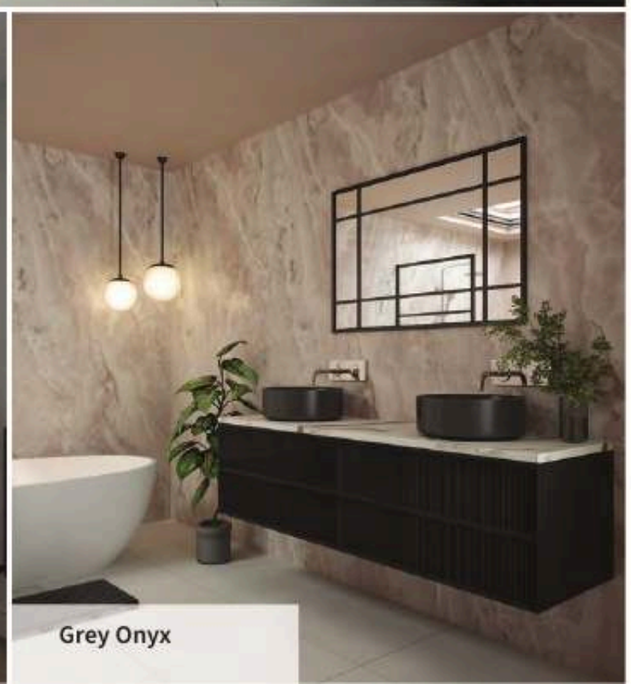

Easy maintenance surface and stylish designs, the best solution for this boutique hotel look in your own home.

Wetroom **Shower Decks** & **Panels**

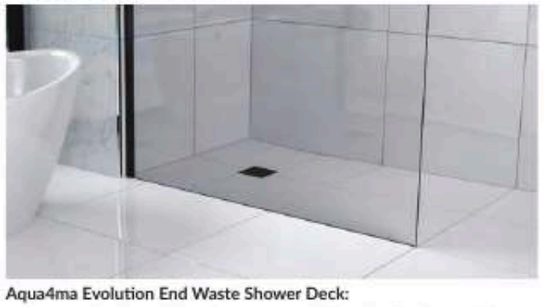

Recognised for their ease of fitting and reliability, Kudos Aqua4ma wet-room systems have been successfully installed in 1000s of UK homes.

Choose from two style options: End Waste which can be finished with straight tile cuts and Central Waste, which can be finished with angled tile cuts.

- Quick and easy to install
- Easily trimmed to fit or to avoid joist obstruction
- Overall depth of just 25mm
- Suitable for vinyl, tiles or micro-cement
- Vinyl option is only compatible with a centre waste design and must be used with a vinyl waste ▲
- Fit anywhere in the home on wooden or solid floors
- Can be fitted at joist level on wooden floors*
- Ready for tiling immediately with no wet trades required
- Compatible with Aqua4ma floor and wall panels for a total wetroom installation
- Lifetime Guarantee**
- British Made

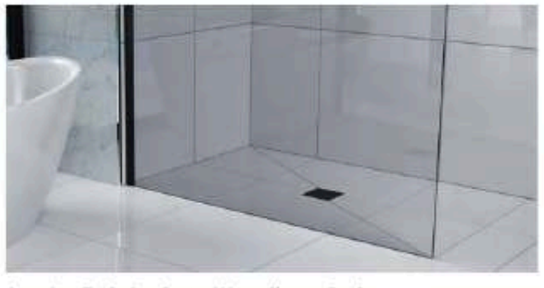

*** Decks should be fully supported by creating a false floor between joists**

**** Terms and conditions apply**

Aqua4ma Evolution End Waste Shower Deck:

Measuring 1340 x 1000mm the Aqua4ma Evolution End Waste Shower Deck can be easily trimmed from either (or both) sides or from either end that meets a wall.

Aqua4ma Evolution Centre Waste Shower Deck:

Available in 7 sizes the Aqua4ma Evolution Centre Waste Shower Deck offers a versatile solution for any wetroom installation. Each deck can be trimmed from any side that meets a wall.

Aqua4ma Evolution shower decks combine all the benefits associated with the Aqua4ma system with additional features which reflect the evolving demand for more versatile, lower-level and cost-effective installations.

Versatile – Quick and easy to install – British Made – Lifetime guarantee

Individually made: each Aqua4ma Evolution shower deck is individually CNC machined from a solid block of specially formulated high density exterior grade PVC; the material is totally waterproof requiring no additional treatment.

Weld, screw or glue: Aqua4ma joints are solvent welded together with Aqua4ma solvent paste to provide a one-piece permanent waterproof barrier that is guaranteed for life. Aqua4ma Evolution shower decks and panels can be screwed to wooden floors and battens without any washers as the material self seals around the screws. Alternatively Aqua4ma decks or wall panels can be glued to solid floors and walls using flexible tile adhesive.

Trimming: Aqua4ma Evolution shower decks can easily be trimmed and shaped using a hand or circular saw.

Finishing: Once fitted, the decks and panels are ready for immediate finishing with vinyl, tiles or micro-cement.

End waste shower deck consists of:

- 1340 x 1000mm Evolution Deck
- Stainless Steel Waste Support Plate
- 2 Side Levelling Strips
- Waste Assembly (**order separately**)
- Tile Thickness Adjustment Mouldings
- Stainless Steel Waste Grid (Polished Silver or Matt Black)
- 90mm waste

Tile Insulation Board

B

■ Extremely effective heat insulating properties ■ Totally impervious to moisture and completely rot proof ■ Flame resistant ■ Allows fast-track surface preparation ■ Can be cut to size using a stanley knife ■ Extremely stable

Coated:

ThermoSphere coated insulation board is manufactured using a high density extruded polystyrene with a polymer modified, fibre reinforced cement coating on both sides. The coated insulation board adds rigidity, strength and thermal insulation to timber substrates which maximises the efficiency of the electric underfloor heating system.

Uncoated (available by special order £):

ThermoSphere's uncoated insulation board improves insulation and reduces heat loss into a concrete or screed substrate. Available in a depth of 6mm or 10.5mm, this uncoated insulation board improves the efficiency of electric underfloor heating by up to 50%, is water resistant and 100% rot proof.

TOGO INNOVATION

Seamless digital display interface brings advanced technology into your bathroom

Control Dial

Activate the flow by pressing the control dial. Once on, turn the dial to adjust the temperature. LED lights surrounding the control dial will change colour to indicate the current temperature setting. Once you have selected your chosen temperature, you can press and turn the dial to divert the water to the other outlet(s). The OLED digital display panel will show the number of the outlet being diverted to, and the ring around the dial will display a corresponding primary colour to show the change.

Automatic Safety Shutdown

If the water or power supply fails, the shower will turn off completely for your safety. This enhanced safety feature gives you complete reassurance.

2 Year guarantee with the option to extend by an additional 3 years when you register your purchase

Cool Touch

Our advanced shower controls and trim plates are isolated from the water valve, ensuring they're always cool and safe to touch.

Unlike traditional bar or thermostatic valves, none of our exposed components can scald you.

Backplate can be mounted landscape or portrait format

Digital Display

Our innovative easy to read digital display accurately outputs the precise temperature and selected outlet. Simple, clear and highly responsive.

Streamlined design for a seamless experience

The TOGO Series Single Outlet epitomises minimalist elegance, offering a refined and intuitive control experience. Perfectly designed for single outlet showers, bath, or basin fillers, this advanced interface merges cutting-edge technology with effortless usability.
With the TOGO Series Single Outlet, your chosen temperature setting remains consistent, ensuring a safe and comfortable shower every time. Additionally, the TOGO Series Single Outlet prioritises your safety with its automatic shutdown feature, which activates in case of any water or power supply disruptions.

Visual temperature Indicators

Start your shower with a single press of the control dial. Adjust the water temperature to your perfect setting by simply rotating the dial. The surrounding LED backlight provides a clear, immediate visual cue by changing colour according to the temperature. The dial remains consistantly cool to the touch.

Starting with a pre-set default of 38°C, you can adjust the temperature within a range from 12°C to 45°C. The LED lights transition from shades of blue for cooler temperatures to shades of red for warmer ones, offering an intuitive and visually engaging way to gauge the water's warmth.

Wyse Traditional - Chrome, brushed nickel, brushed brass, polished gold and polished nickel B/L

Wyse Traditional Timeless elegance. Digital precision.

NEW

The Wyse Traditional 2/3 outlet digital shower brings classic octagonal styling into the modern bathroom. With its distinctive brass controls and heritage-inspired backplate, it delivers the look of a traditional shower valve while offering the effortless control and safety of TED Digital technology. Perfect for period properties or any space where classic design matters.

- **Distinctive octagonal backplate:** Fits vertically or horizontally for complete design flexibility.
- **Intuitive Divert control:** Clearly marked rotary dial lets you switch effortlessly between two or three shower outlets.
- **Precise digital display:** Large, easy-to-read OLED screen shows exact temperature and selected outlet.
- **Selectable illumination ring:** Choose classical white for added elegance or colour-changing LED lighting around the control dial for visual feedback.
- **Cool-touch operation:** All exposed controls and trim plates remain safe and cool to the touch.
- **Optional wireless interface:** Wireless on/off button with simple pairing with the concealed digital processor for a clean, clutter-free install. Available in chrome, brushed nickel, brushed brass and matt white.
- 5-year warranty as standard.

Available in five luxurious finishes to complement any classic or contemporary scheme.

iSystem – Smart

C

Intuitive and effortless, iSystem is the ultimate in Smart showering. Featuring a sleek and sophisticated control, iSystem oozes elegance and style with an intuitive LED display. For the shower that is ready to go when you are, iSystem Smart has been designed with a sleek and easy to use controller. Experience precise temperature control with tried and tested Aqualisa® SmartValve technology, enjoying thermostatically blended water with every use. A perfect mix of form and function, iSystem Smart features a handy LED indicator on the control to let you know when your water has reached the desired temperature. Compatible with an optional wired remote, iSystem Smart shower provides design features the modern bathroom needs. An exposed shower offers great installation benefits if you're looking to fit a new shower with minimal disruption to existing decor. This type of Smart shower is the perfect renovation and modernisation accompaniment, offering an easier installation than concealed models. The Aqualisa® SmartValve can be situated away from the shower enclosure, typically in the loft, under the bath or in an airing cupboard. This is where the water is mixed with thermostatic precision. Smart showers offer far more flexibility than a traditional mixer shower, making them a great choice for all bathrooms. Sensational showering at the touch of a button. Available as single or dual, concealed or exposed options that work with all approved UK water systems.

Luxury Traditional

·THE PANTILES·

Luxury traditional

First the discovery of the chalybeate spring in the early 17th century. Later the fashionable world would stroll under the avenue of trees, drink coffee and try the iron rich water. Today's visitors can still sample some of the pleasures of the old, in more genteel and less formal surroundings which combine old charm of the pantiles with a touch of continental lifestyle.

TAVISTOCK

Unslotted wastes are for use where there is no integral overflow in the washbasin. If your basin is wall hung, choose our modern black or chrome traps, or the more traditional styled version to complement your taps perfectly.

All bath taps are supplied without wastes as it is usual to purchase your waste with your bath. We have a choice of bath wastes with overflow in 2 different lengths depending upon your installation requirements.

The
TUNBRIDGE WELLS
Brassware Co.

Introducing the new range of designer radiators from the exclusive Tunbridge Wells collection.

Crafted with meticulous attention to detail, these radiators redefine home heating by seamlessly blending advanced technology with stunning designs. This latest collection features on-trend finishes such as contemporary chrome, sleek matt black or matt white, elegant brushed brass, and sophisticated brushed bronze and gunmetal grey, ensuring a perfect match for any contemporary interior.

Each radiator is not just a heating solution but a statement piece, designed to complement and elevate your living spaces. With clean lines, geometric patterns, and organic shapes, our designs cater to both modern and traditional tastes. Whether you desire a bold centrepiece or a subtle accent, our radiators offer a versatile array of styles to suit your décor.

Engineered for superior performance, our designer radiators provide efficient heat distribution ensuring your comfort. Easy to install and built to last, they are the perfect blend of style and substance. (IPX4 Rating)
